

## Reasoning for Use

**Reinforce understanding of difficult concepts** by explaining it in your own words. Through the use of PeerWise, students will receive a deeper learning of concepts. Creating good quality questions requires a solid understanding of course materials.

**Receive immediate feedback**, rather than just at midterm and exam time. As you answer questions, find out immediately where you have gone wrong, or if you properly understood a concept.

**Use PeerWise as a study aid.** Textbooks have limited practice questions, but PeerWise provides you with an abundance of questions to practice and review prior to exams.

**Get motivated** by earning badges and competing in leaderboards.
